

New Agency Registration Process

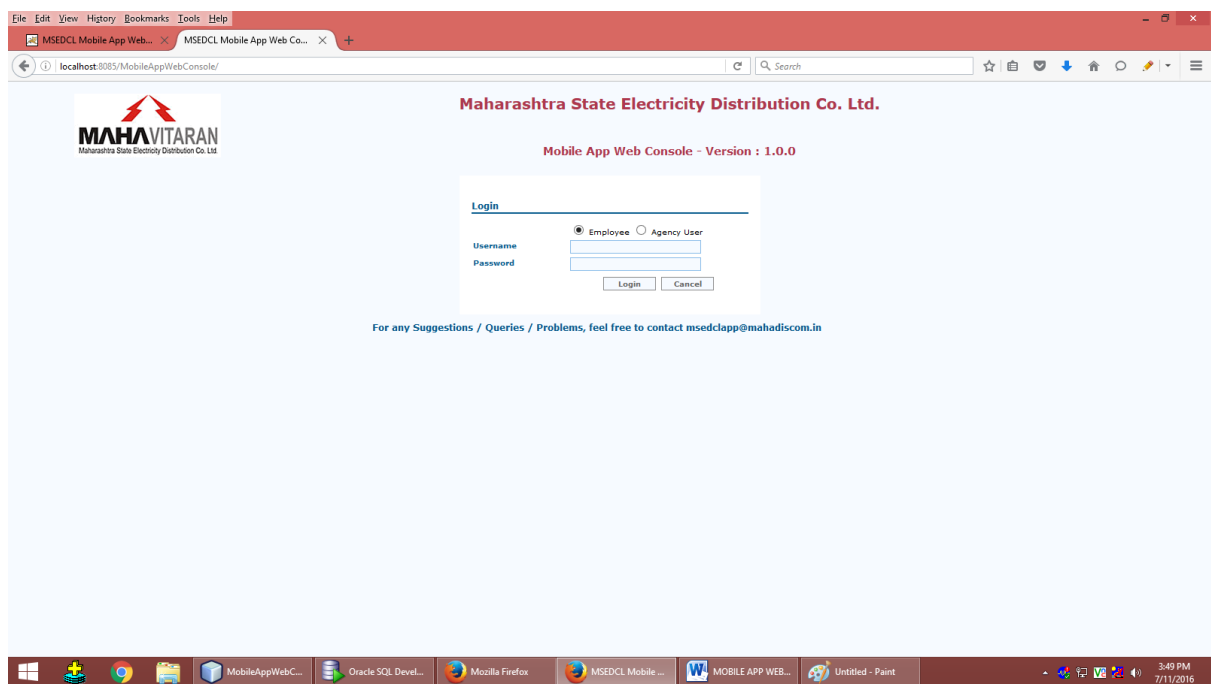

Internet Link:

<http://console.mahadiscom.in/MobileAppWebConsole>

USER ID's:

1. All RAPDRP users can login.
2. Agency users(Supervisors) can login.

Home Page :

On Home Page it will display the List of Jobs Created.

The screenshot displays the Mobile App Web Console interface. At the top, there is a header with the MAHAVITARAN logo, the company name, and user information: Mobile App Web Console - Version : 1.0.0, User : 02237610, Designation : System Analyst. Below the header, there are navigation tabs for Mobile App, IT Center, and Reports. The main content area is titled "Reading Job List" and contains a search criteria section with a dropdown menu for "Job No." and a search button. Below the search section, there is a table listing jobs with columns for Job Number, BU, PC, Job Name, No. Of Records, Job Status, Created By, Created Date, Updated By, Updated Date, and a Cancel Job button. The table contains 20 rows of job data. At the bottom of the screenshot, there is a Windows taskbar with various application icons and a system clock showing 10:39 on 26-07-2016.

Manage Agency:-

1. Login by SDO using RAPDRP credentials.
2. List of Agency's working under BU will be displayed on screen.
3. Click on create new link on Home Page.
4. New Agency registration form will open. Fill all the Details of the agency and Click on save.

The screenshot displays the 'MAHAVITARAN' Mobile App Web Console interface. The header includes the company logo, name, and version (1.0.0), along with a 'Logout' button. The main content area is titled 'Agency Registration' and is divided into three sections: 'Agency Information', 'Contact Details', and 'Agency Access Details'.

Agency Information:

Agency Name *	TEST Agency	Agency TAN/PAN *	TAN	ABCD478542
Agency Contract Order No. *	TEST Order No.1	Contract Order Date *	01-Jul-16	
Contract From Date *	01-Jul-16	Contract To Date *	30-Sep-16	

Contact Details:

Email Id *	test@gmail.com	Mobile Number *	9876543210
------------	----------------	-----------------	------------

Agency Access Details:

This section contains two large empty text areas for adding or removing agency access details. Between these areas are buttons for 'Add >>', '<< Remove', 'Save', 'Reset', and 'Cancel'.

Copyright © 2016 HSEDCL, All rights reserved.

Manage Agency User:-

1. SDO user will create supervisor user
2. Click on Mobile App menu and then select Manage Agency User.
3. New user creation form will open. Fill all the Details of the agency and Click on save.
4. Before submitting check that Supervisor radio button is selected as Yes. Based on that it will consider as the user is Supervisor or Meter reader.
5. Now agency supervisor will use this USER ID and Password to Login to Web Console.
6. Supervisor will create Meter Reader users and also create JOBS based on DTC wise/ MR Wise.

The screenshot shows a web browser window displaying the 'User Creation' form in the Mobile App Web Console. The browser's address bar shows the URL: `localhost:8085/MobileAppWebConsole/wbcs?uiaction=getCreateAgencyReader`. The page header includes the MAHAVITARAN logo and the text 'Maharashtra State Electricity Distribution Co. Ltd. Mobile App Web Console - Version : 1.0.0'. The form is titled 'User Creation' and contains a 'User Login Details' section with the following fields:

- Agency Code:
- User Full Name:
- User Name:
- Password:
- Confirm Password:
- Designation:
- Email Id:
- Mobile Number:
- Reading App Authorisation Required?: ☒ Yes ☐ No
- Location App Authorisation Required?: ☒ Yes ☐ No
- Supervisor Authorisation Required?: ☒ Yes ☐ No

At the bottom of the form are three buttons: 'Save', 'Reset', and 'Cancel'. The footer of the page states 'Copyright © 2016 MSEDCCL, All rights reserved.' The Windows taskbar at the bottom shows the time as 4:15 PM on 7/11/2016.

Meter Reader User:

1. Agency's Supervisor user will create Meter reader users.
2. Click on Mobile App menu and then select Manage Agency User.
3. New user creation form will open. Fill all the Details of the agency and Click on save.
4. Before submitting check that Supervisor radio button is selected as NO.

Use these USER ID's for login in METER Reading App for reading.

The screenshot displays the MSEDCL Mobile App Web Console interface. The browser address bar shows the URL: `localhost:8085/MobileAppWebConsole/wbcs?uiaction=getCreateAgencyReader`. The page header includes the MAHAVITARAN logo and the text "Maharashtra State Electricity Distribution Co. Ltd. Mobile App Web Console - Version : 1.0.0". A "Logout" link is visible in the top right corner. The main content area is titled "User Creation" and contains a "User Login Details" form. The form fields are as follows:

Field	Value
Agency Code	86 - TEST Agency
User Full Name	Test Reader
User Name	reader1
Password	*****
Confirm Password	*****
Designation	Data Reader
Email Id	reader1@gmail.com
Mobile Number	8754654654
Reading App Authorisation Required ?	<input checked="" type="radio"/> Yes <input type="radio"/> No
Location App Authorisation Required ?	<input type="radio"/> Yes <input checked="" type="radio"/> No
Supervisor Authorisation Required ?	<input type="radio"/> Yes <input checked="" type="radio"/> No

At the bottom of the form are three buttons: "Save", "Reset", and "Cancel". The footer of the page states "Copyright © 2016 MSEDCL, All rights reserved." The Windows taskbar at the bottom shows several open applications, including "MOBILE APP WEB...", "6.png - Paint", and "Welcome To MSE...". The system clock indicates the time is 4:17 PM on 7/11/2016.

Manage Reading Jobs:

1. SDO/PC holder/Supervisor user will create meter reading jobs
2. Click on Mobile App menu and then select Manage Reading Jobs
3. List of Jobs will be displayed. Click on Create New link.
4. Fill all the Details bu, pc, DTC wise, Villagewise / MR-Routewise wise etc

To Assign JOB to particular reader Select Agency and Meter reader, Reading for the Month of (Billing Month) ... then Create New will create new Job.

The screenshot displays the 'Create Job' form within the Maharashtra State Electricity Distribution Co. Ltd. Mobile App Web Console. The interface includes a header with the company logo, name, and version (2.0.0). Below the header, there are tabs for 'Mobile App' and 'Reports'. The 'Create Job' form is divided into several sections:

- BU List:** A dropdown menu showing '4751-KALYAN (W) S/DN-III'.
- PC:** A dropdown menu showing '4'.
- Village Code:** Radio buttons for 'Village' and 'DTC'.
- MRCV-ROUTE:** A dropdown menu showing 'MRCV-ROUTE'.
- Available:** A list of DTC codes and consumer numbers, including 24-1364-1, 24-2011-1, 24-2109-2, 24-2305-1, 24-2402-1, 24-2419-1, 24-4008-3, 24-4012-1, 24-4019-2, 26-2143-1, 26-2146-75, 26-4008-1, 26-4012-1, 26-4019-1, 27-0012-3, 27-1008-115, 27-1215-1, 27-1220-1, 27-1221-5, 27-1222-5, 27-1224-15, 27-2003-1, 27-2011-928, 27-2012-617, and 27-2112-1.
- Selected:** A list of DTC codes and consumer numbers, including 24-2409-522.
- Agency Name:** A dropdown menu showing '233 - M/s.Ganraj S'.
- Meter Reader:** A dropdown menu showing '273 - KISAN RATHG'.
- Reading for the Month:** A dropdown menu showing '1606'.
- Selected Consumers:** A dropdown menu showing '522'.
- Job Name:** A text input field containing 'MR_4751_4_26072016133408_'. There is also a 'test' button next to it.
- Create Job:** A button to submit the form.

Upload Pn33 File:

Browse / Select and then Upload Pn33 file

Wait till the file uploads successfully.

Message will be displayed Total No. of records inserted successfully

Now Upload PN33 file before **New** Job creation.

For already created jobs: validation/reports will be created only after PN33 uploading.

Reading Validation:-

Select BU and PC and press Execute Button. Validation process gets processed and list of consumers will be displayed on screen for skipped reading.
(For first time due to dummy transactions may be some consumers displayed in list which are actually not having any error).

There is no provision to modify the reading. SDO/PC Holder can directly skip the reading. Select Consumers to delete readings from the list and then press Skip reading Button.

IT Center Menu:-

Download B30 Option available for IT Center only to download B30 file.

❖ What's New in VERSION 4.0

- Disconnection Management (DC Management) new Menu Added.
- NC Tech Feasibility JOB Creation is added under the “NC APP” Menu.
- M30 Reading Details Report is made available for reading verification.

1. Disconnection Management (DC Management) new Menu Added

Guidelines are already provided and available separately.

2. NC Tech Feasibility JOB Creation is added under the “NC APP” Menu.

- Job will be created to release connections from Mobile App.
- i. Click on the “Tech Feasibility Job Creation” Option under “NC APP” tab. Click on “Create New” options.

The screenshot displays the MAHAVITARAN Mobile App Web Console interface. The header includes the company logo, name, and version (4.0). The user is logged in as 'System Analyst' with a user ID of 02237610. The main menu shows 'NC APP' selected, with a dropdown menu showing 'NC Job Creation' and 'Tech Feasibility Job Creation'. The 'NC Tech Feasibility Job List' is displayed with search criteria for BU (0311-PANVEL) and Section Code (1968 - TAPAL NAKA). A table shows one job entry with status 'READY'.

Job Number	BU	Section Code	Job Name	Job Date	NC Count	Status	Assigned To
1	0311	1968	test	31 Dec 2016	1	READY	01380087

- ii. Then select “BU” and “Section code” and click on “Get Consumer Data”.

Then all “A1 Approved” applications data (i.e. application id, Consumer name, address etc.) under that section will be displayed.

7. Mobile App → Readings Verification :

Now Agency can View Photo & Verify readings PC/Reader/Job wise. Also they can SKIP single reading and create new job for such skipped readings.

The screenshot displays the 'Readings Verification' page of the Maharashtra State Electricity Distribution Company Ltd. Mobile App Web Console. The interface includes a header with the company logo, version information (4.7), and user details (User Name: H. Sankesh Ramdeo Dhanbale, User ID: 02237010, Designation: System Analyst). A navigation bar at the top lists various modules: Administration, Mobile App, IT Center, Reports, NC APP, DC Management, Location APP, and Exceptional Rep.

The main section is titled 'Readings Verification' and features several dropdown menus for selection: BU, PC, Reading For the Month, Agency, Meter Reader, and Job ID. A 'View Reading' button is also present. Below these menus, a table lists consumer details, including Consumer Number, BU, CURR READING, JOB ID, CONS ADDRESS, MOBILE NO, and DTG CODE. The table is currently empty, and a message '0 Record(s) Found.' is displayed at the bottom.

On the right side of the page, there is a large rectangular box labeled 'Consumer Photo Here', indicating where a photo of the consumer can be uploaded or viewed.

The footer of the page contains the copyright notice: 'Copyright © 2016 MSEDC, All rights reserved.'

❖ What's New in VERSION 4.8

1. MobileApp → Manage Reading Jobs

This page is modified to :

- Manage Reading Jobs
- Search Reading Jobs / Job Statistics List
- Update Job Status
- To view Assigned Readers List and other details, move Mouse Cursor over the "Job No"

(Menu options : MobileApp → Update Job Status & Reports → Reading Job Statistics are removed now).

❖ **What's New in VERSION 6.0**

1. Register New Device

Used to register new device in case of old device lost/broken.

Mobile App → Reading Agency → Register New Device

- Search User with User-Login-Name
- Logout from the Device having given Device ID
- If Step 2 (above) is not possible, then provide new device ID to register.
- Reading will be uploaded from this device ID only. If reader tried to upload the reading through mobile which is declared as lost or broken, error message will appear as "Device ID Mismatch" in Mobile App and such readings can not uploaded in any case.

(Note: Newly registered Device will only be allowed to Login to App. Also once registered, it cannot be Reset for next 24 hours. So provide correct Device ID only)

Register New Device

Search Criteria

Select User Type : ☒ Agency User

Search by :

2. Logout from the Device having given Device ID
3. If Step 2 (above) is not possible, then provide new device ID to register.

(Note: Newly registered Device will only be allowed to Login to App. Also once registered, it cannot be Reset for next 24 hours. So provide correct Device ID only)

2. Mobile App → Track Bill Printing

Purpose of “**Track Bill Printing**”: This New feature introduces to monitor the status of the printed bills.

Form is available to Track and Update stages of Bill Printing by Employees and Bill printing Agency.

- Employee will create a new group wise entries after PDF files handed over to the Bill Printing Agency.
- Bill Printing agencies supervisor will update PDF Received Date, No. of Bills Printed through Mobile App Web Console. If there is any Mismatch in No. of Bills printed and No. of bill in PDF file then user has to provide “Reason for Mismatch”
- Sub-Division office Employee will update Printed Bills received Date and time, No. of Bills received

Steps to follow:

- Create agency and assign BUs
- Create supervisor user and assign role "Bill Print Tracking Authorization Required" to YES.
- Only Users created and having Bill Print Tracking Role are allowed to Update the status.
